

Resident Care Manager – Term Position (10 months)

United Active Living Inc. is a leader in the development and implementation of programs and services that support residents to “Live Well in Our Community.” United Active Living Inc. integrates new and creative ways to enrich life experiences, provide growth and inspiration, and promote independence for individuals in the community.

The Position

Are you an individual who has interest in creating a closer connection between care and other departments to promote professional collaboration and to expand the concept of holistic care? Working with the wellness team, the Resident Care Manager promotes innovative treatment approaches and their application.

You are responsible to ensure the wellbeing of residents through the planning and delivery of high-quality care services in a manner that is consistent with the policies, procedures and philosophy of United Active Living.

This position provides leadership and guidance to the community, and ensures a high standard of resident care by acting as a clinical resource for staff, supporting staff training and development, and providing leadership and support to the interdisciplinary team. You consult, confer and collaborate with interdisciplinary team members, educational resources, and other health care professionals/providers to achieve excellence in resident and family centered care, education and research.

Responsibilities

- Resident assessment and care planning, for both existing and potential residents, using a collaborative approach with all stakeholders.
- Coordination and liaison with team members to support the achievement of resident goals.
- Direction and supervision of care delivery, including appropriate documentation.
- Recruit, manage, and schedule qualified department staff to ensure care needs are met.
- Assist in the planning and delivery of health, wellness and care education to all community members (staff, residents and community at-large).
- Collaboration with community teams to ensure community goals and all applicable legislation and standards are met.
- Develop and manage departmental budget.
- Summarize monthly private services for billing purposes.
